LIMITED EDITION FOLDER

Summer Shells Limited Edition Folder

The hobby of collecting shells is a popular pastime for many Australians. With our extensive beach shoreline there are thousands of shell species to discover, making shell collecting a diverse and fascinating activity.

With this in mind the Phonecard Collector Service has produced a wonderful Summer Shells Limited Edition folder. Featured in the folder is the Trumpet Triton, Conch, Florida Horse Conch and Pink Mouth Murex.

1,500 of these appealing Limited Edition folders have been produced to help recognise one of nature's more beautiful and fragile inventions.

The \$5.00 Pink Mouth Murex Smart Phonecard is a special folder only release and is not available through national distribution.

SPECIAL EDITION FOLDER

Help save the Ghost Bat and receive a free WWF bag.

World Wide Fund (WWF) for Nature Threatened Species 98.

To launch the new collector Phonecards
Threatened Species 98, World Wide Fund for
Nature will give all Telstra Phonecard collectors
who join WWF a calico carry bag **free**.

Threatened Species 98 is a series of four Smart
Phonecards designed especially for WWF
members and Telstra Phonecard collectors to
highlight the plight of Australia's animals under
threat of extinction.

Australia is home to hundreds of unique species
of animal. We have the highest extinction rate
for mammals, and much of our unusual fauna is
under threat.

WWF is recognised internationally for working
to protect and preserve endangered wildlife and

their habitats. To become a member and
receive your **FREE WWF calico bag**
(rrp \$9.95) send a cheque for \$35.00 (made
payable to WWF Australia) to the Phonecard
Collector Service with your completed
order form. Don't forget to include your
mailing address.

A Threatened Species 98 Phonecard Folder
will be released every three months from the
Phonecard Collector Service, beginning with
the Ghost Bat. The Glossy Black Cockatoo,
Yellow-footed Rock Wallaby and Trout Cod
are the other Australian species selected for
the series. Only 1,000 of each of the species
has been produced, so they are sure to
disappear fast.
