The winner of 2000's Australia Day
Telstra Smart Phonecard Design Awards is a
14-year-old boy from Sydney, NSW, who has
won the \$5,000 prize for his winning design.

The winning design is a vibrant, abstract
design featuring a sun, a city skyline, and a
body of water, all in a colorful, stylized

NOTICEBOARD

Over the years, the most collectable Telstra Phonecards and Smart Phonecards have been advertising cards. Advertising cards are Phonecards which Telstra produces under a contract with the advertising client. Although advertising cards are produced by Telstra for a business or advertising promotion, not all cards are available through the Phonecard Collector Service.

The limited number of Smart Phonecards available provides great enjoyment for collectors investigating where the Adcards are found.

For those who are avid advertising Smart Phonecard collectors, we have included a list of the advertising Smart Phonecards which have been produced up until September 1998.

If you have any facts or curiosities you would like to see printed on the
NOTICEBOARD page please send them to: Telstra Phonecard Collector Service
