You will have also noted the Sydney 2000 PhoneAway® card advertised on the order form. The client pulled this card from the production schedule after the Collect was issued.

PCS Issue is changing!

I would like to advise that a change will be taking place with the release of the current PCS Issue Smart Phonecards.

From January 2000, the PCS Issue will no longer be produced in the current form. Low run, limited Smart Phonecards will continue to be released, however they will favour events and occasions throughout the year, rather than independent designs.

The Big Cat series we have released this month will be the last of the PCS Issue.

Since the release of the past two issues of Collect, a number of Smart Phonecards and PhoneAway® designs have been reprinted.

Those Smart Phonecards and PhoneAway® cards which have been reprinted are:

The quantities provided in each issue of Collect are reflective of the total to be produced. In particular, quantities given for National release cards are indicative as the total quantity may vary according to demand of the product. Generally, the printed quantity in Collect reflects two months stock, and will be adjusted upward according to demand for the third month.
